WITH

Statistics, where available, relating to certain Indian States

FROM

1926-27 то 1935-36

Published by Order of the Governor-General in Council.

DELHI: MANAGER OF PUBLICATIONS
1938

FOREWORD

The previous (thirteenth) issue of the Abstract contained figures up to and including the year 1933-34. In order to bring the series more up-to-date, figures for two years, 1934-35 and 1935-36, have been added to the present issue, wherever available.

In the tables relating to Agriculture and Co-operative Societies, the year runs generally from July to June. Figures in all other tables relate to the fiscal year ending the 31st March unless otherwise indicated to represent the calendar year. As in the previous issue, the sources from which the figures have been compiled have been stated at the head of each table. The tables have been re-arranged, as far as practicable, according to the subject matter dealt with.

The principal changes made in the tables of the present issue are enumerated below:—

Norz.—Silver belonging to Government has been valued at its cost price instead of at the fixed rate of Re. I per tola of standard silver, but old rupces received for recoinage are still taken at their nominal value. The silver received into the mint for coinage into British dollars intended for circulation in the Far East and into the new dollar adopted as the currency of the Straits Settlements is excluded from this table.

(2) Silver one-eighth rupces are no longer struck. They have been replaced by nickel. For details, vide Table No. 182.

No. 162.

(a) Including Rs. 93,57,110 being the value of fine silver received into the Bombay Mint for sale from the Calcutta Mint.

(b) Including Rs. 10,000 in 1928-29 and Rs. 15,000 in 1929-30 being the value of Bhutan Government & Rupee size coins.

(c) Including Rs. 31,00,000 being the value of Udaipur Durbar (Mewar) Sarupshahi Rs.

(d) The amount being the value of Mewar Durbar Sarupshahi Rs.

(f) The amount being the value of Sarupshahi coins.

(g) Including Rs. 1,00,000 being the value of ludaipur 1/16 Rupee.

^{*} The forest areas returned in the Agricultural Statistics do not agree in most cases with those stated in the reports on the administration of the Forest Department for various reasons, the chief amongst which are the following.

1) the administration reports relate exclusively to forests worked by the Forest Department, while the tables of agricultural statistics include, in addition, forest areas administered by district officers, and (2) certain village and other lands not covered by forest but worked by the Forest Department and returned as forest lands by that department are not treated as forests in the returns of Agricultural Statistics.

* Miscellaneous revenue. † Figure not available. † Defective owing to incomplete data. § Statistics of the incidence of land revenue assessments dealt with in this table show only the average amount contributed by each acre of land or per head of population in each province or district towards land revenue. They cannot be used for comparing the burden of land revenue on land in the different districts and provinces as no valid comparison is possible without taking into account such factors as the nature of the soil, climate, facilities for irrigation, etc.

^{*} Miscellaneous revenue.

† Excludes Burdwan for which information is not available and includes 5,825,541 acres in the districts of Bankura, Hooghly, Khulna, Murshidabad, Pabna and Rangpur for which details are not available.

† Excludes 1,94,200 acres for which details are not available.

(a) Figure not available.

(b) Area according to village papers.

(c) Excluding two districts for which details by tenures are not available.

(a) Includes Capital as well as Revenue Expenditure, as the former is not separately recorded in the account in the case of works for which no capital accounts are kept.

Note,—The differences, wherever found, between figures of Capital outlay to the end of a year and the sum of figures for a year and the figures to the end of the preceding year are due to expenditure chiefly on survey and Preliminary investigation originally charged within the Revenue Section of the account being subsequently brought on pro-formal to the Capital Account without financial adjustments.

No. 205.—PROTECTION OF FORESTS—RESULTS OF PROTEC-TION FROM FIRE AND FROM CATTLE.

Norn.—For figures of Forest Revenue and Expenditure olds tables Nos. 127 and 128.

* Excludes Delhi Province.

† Unclassed State forests or 'public forest lands', as they are often called, include in many provinces all unoccupied waste, often entirely devoid of trees. So the statistics do not necessarily represent the wooded areas.

‡ Excludes Delhi Province and the British Pargame of Manpur (Gentral India).

(a) Includes 61.016 source miles for Federated Shan States.

Nors.—Owing to the change in the definition of 'seasonal', factories made in the Factories Act, 1934, statistics for 'perennial' and 'seasonal' factories shown for 1985 are not strictly comparable with those for 1984.

(a) Includes figures of weighted average of operatives working on night shifts.

(b) Information not available.

* The average daily number is calculated by dividing the aggregate number of attendances on working days by the number of working days in the year

NO. 255.—GENERAL RESULTS OF THE POST AND TELEGRAPH DEPARTMENT.

^{*}The figures represent the newly constructed block account.

(a) Owing to revaluation of assets, the depreciated value of buildings has been raised by Rs. 15,35,141. This accounts for the difference in the capital ontlay to the end of the year 1927-28.

(b) Owing to further investigation into Block account the value of certain assets has been reduced by Rs. 7,476 and 18,599 in 1929-30 and 1831-32 respectively.

(c) Owing to revaluation of assets, the depreciated value of certain assets has been raised by Rs. 3,113.

(d) Owing to the increase in the depreciated value of assets on 1st April, 1925 as a result of the lengthening the effective lives of assets as recommended by the Posts and Telegraphs Accounts Enquiry Committee of 1931 and accepted by the Government of India.

(s) Owing to inter-branch transfers of assets the ontlay to the end of the year has been increased by Rs. 4,88,866 and owing to further investigation into the block account, the value of assets has been increased by Rs. 17,511. These account for the difference in the outlay to the end of the year.

(f) Includes minus Rs. 23,801 on account of inter-branch transfer of assets and minus Rs. 22,400 on account of net. effect of the rectification of misclassifications made in the previous years.

Note.—The quantum figures (Columns 2 and 3) represent the values of imports and exports in each year compiled on the basis of declared values per unit in 1927-28, the figures in brackets indicating the percentage variation from the base year. The price-level of imports and exports (columns 4 and 5) is indicated by means of index numbers obtained by comparing the 1927-28 values with the actually recorded values each year.

Note.—In these balances plus (+) signifies net export and minus (—) net import.

* All possible items in the balance of Trade cannot be included in the table.

† Excludes transactions which do not enter into the balance of trade.

(a) Exclusive of the value of railway materials imported direct by State Railways working under Company management, which was not paid for in the ordinary way and not therefore taken into account in arriving at the balance of trade.

(b) Figures in previous columns given against this item relate to sterling parchases in India by Government.

(c) Figures in previous columns given against this item relate to sterling transfers on London sold in India.
